Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Saturday 26 Jun 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Showers in the west, drier and brighter in the east.

Today:
After a cloudy start with some isolated fog patches, cloud will gradually lift to leave sunny spells. Some scattered showers will remain in Devon and Cornwall which will progress westwards during the day. Driest and brightest in eastern areas. Maximum temperature 21 deg C (70 deg F).

Tonight:
A cloudy evening for much of the region, with rain approaching from the south. Outbreaks of rain, locally heavy at times, will then continue to move northwards overnight. Minimum temperature 10 deg C (50 deg F).

Sunday:
A gloomy start with outbreaks of light rain. By the afternoon, rain will become more widespread and heavier at times with the risk of thunder. Maximum temperature 21 deg C (70 deg F).

Outlook for Monday to Wednesday:
Further heavy rain Monday, more widespread with continued risk of thunder. Somewhat drier on Tuesday and Wednesday, though still outbreaks of rain likely.
